Re: FOIA Request: Regulatory Correspondence Concerning Chlorpyrifos and Dow Agrosciences LLC

Dear Mr. Altendorfer:

I am writing in response to the Environmental Protection Agency's denial of my previously submitted request for fee waiver. I received Mr. Hill's letter and explanation of why the Agency denied our fee waiver request and accept his decision. I still wish to proceed with my previously submitted FOIA request and, to expedite production, I am reproducing the request below:

All documents, information, and data relating to regulatory correspondence with Dow Agrosciences LLC (and/or its predecessor DowElanco Company and/or its successor-in-interest Corteva Agrosciences) and/or its employees concerning chlorpyrifos, and/or all documents, information and data relating to correspondence or other documents concerning efforts by Dow Agrosciences LLC (and/or its predecessor DowElanco Company and/or its successor-in-interest Corteva Agrosciences) to discuss chlorpyrifos, its health effects, or studies relating to chlorpyrifos.

Chlorpyrifos is currently a chemical manufactured in various pesticide products by Dow Agrosciences LLC.

I would be glad to discuss this request further with you and provide information that will aid your search or avoid undue time and expense. Please contact me with any questions or concerns.

Best regards,

A handwritten signature in blue ink that reads 'Ashlea Schwarz'.
